Please attach a resume.

Please take some time to answer the following questions thoughtfully.

Some questions are about your experience; some are about your therapeutic approaches or beliefs. Some of the questions may be beyond your experience/knowledge thus far; that's ok; we don't expect you to know everything.

Please answer on a separate piece of paper, but keep your answers pithy.

Thanks.

1. Why do you want to work with teenagers?
2. Write briefly about your high school experiences and lessons.
3. What's the cutting edge in your learning and growing right now? What's your support system like, and what are some of the personal things you do to relieve stress/stay sane?
4. What do you look for in a supervisor?
5. Briefly describe your sense of humor.
